Term 2 overviews

Term 2 year level overviews have been attached to your email. The overview provides you with an update of what is happening in the different learning areas across the term for each year level team.

COVID – 19 update

We are pleased that parents and carers are once again able to come on to school grounds but remember that we are not yet able to have parents in classrooms around drop off and pick up.

If you need to visit the administration building or uniform shop please either sign in or scan the school QR code on entry. If you are staying outdoors on school grounds there is no need to scan or sign in at this point in time.

When collecting students or dropping off school materials / lunches during the school day please do so through the front office.

At the end of the day we ask families to leave the school grounds promptly and before 3.30pm. If involved in after school sport, all siblings not participating need to be closely supervised.

Adults on school grounds at pick up time

A discussion at Governing Council last meeting was had regarding the large numbers of adults on school grounds before learning time finishes at the end of the school day. It was acknowledged that while being a nice social time for families, the large numbers of adults present with no sign-in procedures does present an unnecessary risk to student safety and a potential distraction for students. While the risk might be small, it can be alleviated by everyone coming into the yard to collect students from 3.05pm, 5 minutes before the home bell. Adults who have other reasons to be on site before this time should sign-in through the front office. We are looking forward to your cooperation on this matter.
