FROM THE PRINCIPAL

Being a large school with an active community and a wide variety of programs continues to present us with ongoing challenges, when living with COVID 19. We are very committed to providing as many opportunities for our students when and where we can.

Under differing circumstances we have successfully started our kindy to school transition program for our 2022 receptions. We have successfully held the Year 7 Exhibition and Book Week. Our keen sport students have competed in after-hours school sport, SAPSASA athletics, basketball and hockey. Our school debating teams have finished their season at Cabra College and our 19 Primary Mathematics Extension Group participants presented their inquiry findings at the Australian Science and Mathematics School.

I would like to thank and acknowledge our school community (staff, parents, volunteers and students) for your most generous support which have enabled these things to occur all over the past fortnight.

From the library

Last week Belair Primary School enjoyed celebrating Book Week! Students participated in activities including buddy reads, creating dioramas, listening to the shortlisted books and of course the Book Week parade. Many thanks to the Book Week committee for organising a fun week celebrating books and to parents and families for your support.

CANTEEN

In recent weeks we have had numerous students of all year levels coming into the Canteen with large notes. Unfortunately, we don't usually have the change to accommodate this, as well as it not being a good idea to have large amounts of money at school. We have therefore decided to refuse sales of \$20 notes and over in the Canteen. 

We understand that most of us don't have much cash coins anymore but appreciate the smaller the note the better (coins even better again) All items for sale in the Canteen are \$2 or under.

Thanks for your support with this matter.
