

# Belair Primary School's Canteen: More Than Just a Meal

At Belair Primary School, our canteen is an integral part of the school community, embodying our core values of Respect, Responsibility, Achievement, and Creativity. It's a place where students not only enjoy delicious and nutritious meals but also learn valuable life skills.

## Nourishing Body and Mind

Our school canteen offers a wide variety of healthy, hearty, and delicious food and drink options every day. With snack attack, recess and lunch options available, you may even want to order an extra item to bring home for the afternoon tea. With regular menu items to special offerings that support school activities and learning, we strive to provide your child with the fuel they need.

## Building Independence and Responsibility

The canteen is more than just a place to get a meal – it's a space for students to develop independence, responsibility, and confidence. By making purchases and handling their own money, students improve their basic math and financial skills, preparing them for the real world.

## Fostering Community and Volunteering

Our senior students volunteer their time at the canteen, giving back to the school and younger cohorts. This not only supports the canteen's operations but also strengthens the sense of community at Belair Primary.

## Convenient Online Ordering

To make ordering convenient for parents, all canteen purchases can be made through the Flexischools online platform. This service is available 24/7 allowing you to pre-order your child's meals and ensuring they have access to nutritious and enjoyable canteen fare throughout the school year.
